**High School Students Across Ohio Earn the ServeOhio Community Impact Award**

*2,355 high school students to be honored for impactful service throughout Ohio*

**Columbus, OH** – ServeOhio, Ohio's commission on service and volunteerism, - in partnership with InnerView Technologies - is honored to recognize outstanding Ohio high school students who make great contributions to their local communities and the state through service and volunteerism. The ServeOhio Community Impact Award honors high school students (grades 9 – 12) at any public or private school in Ohio who serve 20 hours in 4 or more service activities in the last year. Recipients will receive a certificate and letter of appreciation. 2,355 high school students from 55 schools in 19 Ohio counties will be honored in the award's inaugural year.

"Youth voices, engagement, and insight are crucial ingredients for Ohio's prosperous future." Said ServeOhio Executive Director William Hall. "We are honored to celebrate outstanding youth who reach beyond themselves to help their neighbors and communities – transforming themselves and others – which shapes who we are and who we will become as a state. Congratulations to the award recipients and thank you for your service!"

"We are honored to work with the national service ecosystem and local communities to amplify and recognize the meaningful work of student volunteers who are creating a better world for all," says Kristine Sturgeon, CEO of InnerView Technologies. "We believe the dynamics of the last few years have significantly influenced personal understanding of the connectedness between all people and local and global challenges; this has manifest into an increase of youth volunteer time addressing local needs and leading meaningful projects."
